(Temecula, CA) Banner American Products, Inc. a leading manufacturer and distributor of quality machines for home or office proudly introduced three new QuikFinish™ Series ShredderShark™ Shredders at the 2007 International CES Show, Las Vegas. The new ShredderShark™ 50, 100 and 150 comply with the Fair and Accurate Credit Transactions Act of 2003 and feature a patented multi-sheet loading tray. The ShredderShark™ 50 random cross cut paper shredder shreds in two sizes, 5/32" x 1-3/16" and 5/32" x 2". The ShredderShark™ 100 features a handy foot pedal for accessing and emptying its 5 gallon solid basket. The ShredderShark™ 150 random cross cut paper shredder, shreds into four sizes: 3/32" x 3/8", 3/32" x 13/16", 3/32" x 1-3/16", 3/32" x 1-5/8". This machine features a 10 hour continuous run motor and easy roll casters. All three machines come with a low noise design, child safety switch, a 7-year warranty on cutting heads and 1-year warranty on machine.

Banner American Products, Inc., president, Alan Parkhill stated, "These machines are the perfect asset to homes and offices seeking solutions to prevent identity theft. No business can escape the requirements set forth under the FACTA law. The law requires the destruction - "shredding or burning" or "smashing or wiping" - of all paper or computer disks containing personal information "derived from a consumer report" before it is discarded. The ShredderShark™ 50, 100 and 150 protects consumer and company privacy, including medical records, credit information and corporate trade secrets."
