BANNER AMERICAN PRODUCTS INTRODUCES ENTRY 4500 LAMINATING/ MOUNTING MACHINE **New Laminator Perfect Solution for Entry Level Wide Format Inkjet Services**

(Temecula, California)...Banner American Products, Inc. is proud to announce the introduction of the new ENTRY 4500 Laminating/Mounting machine. The product is an ideal entry-level laminator for large-format imaging services. Designed to be affordable and functional, the ENTRY 4500 is capable of mounting, laminating and encapsulating output from 36", 42" and 44" inkjet printers, and features a plastic width capacity of 45" (114.3cm). The ENTRY 4500 is loaded with features important in receiving the highest level of results for each and every project.

According to Alan Parkhill, Vice President, Sales & Marketing, "The ENTRY 4500 Laminating/Mounting machine offers many of the same features as found in our higher-end laminators, however it is priced to give the small, entry-level shop an ability to get into the service of laminating wide-format inkjet prints."

The ENTRY 4500 Laminating/Mounting machine offers features such as top and bottom heat, electronic heat control with LCD readout, variable speed, forward/reverse switch, 3 7/8" (9.84cm) diameter silicone heated rollers, clear polycarbonate safety shield, emergency stops on both sides, mounting capability up to 1/4" (6.4mm), and optional take-up roller for pressure-sensitive liners.

For more information on the ENTRY 4500 Laminating/Mounting machine contact, Alan Parkhill, 951-296-9780 or 800-572-2144, or visit <http://www.banam.com>
