**NEW SHREDDERSHARK™ SERIES SHREDDERS FEATURE RANTECH TECHNOLOGY FOR
ULTIMATE IDENTITY PROTECTION**

New Random, Cross Cut Technology Shreds Documents in Two, Three and Four Different Size Pieces

(Temecula, California) ... Banner American Products, Inc. a leading manufacturer and distributor of machines for home or office introduced its new ShredderShark™ Series of Paper Shredders. Available for immediate delivery are the Series 8-Sheet and 12-Sheet model shredders. Both machines comply with FACTA Law (Fair and Accurate Credit Transactions Act) and feature the RANTECH Technology (patent pending) cross cut-one pass system. This newly developed cutting process rips documents, CDs, DVDs and credit cards into two, three and four size pieces to help fight identity theft. ShredderShark™ Series 8-Sheet Model SH8CDCC shreds up to 8 sheets at once - the 12-Sheet Model SH12CDCC (High security Shredder) shreds up to 12 sheets at once. Each machine features a child-safety switch, Overload/Overheat/Power-On LED display and cuts items vertically and horizontally into confetti-like pieces.

The remaining line of ShredderShark™ Series Shredders is scheduled for launch summer of 2006. This will include a 12-Sheet, Model SH5312CD with RANTECH Technology, cross random cut in three sizes, 12 hour continuous run motor, shreds CDs, credit cards, staples and paper clips. The 18-Sheet, Model SH18CDCC with RANTECH Technology, cross random cut in three sizes, shreds CDs, credit cards, staples and paper clips. The 30-Sheet, Model SHC30CDSC strip cuts to 6mm, shreds CDs, credit cards, staples and paper clips. The 150-Sheet, Model SHAF150 features

RANTECH Technology and a 10-hour continuous run motor, high speed paper shredder with automatic feed and tray, cross random cuts into four sizes. All models comply with FACTA Law and feature a 7-year warranty on cutting head and 1-year warranty on machine.

According to Alan Parkhill, President, Banner American Products, "The ShredderShark™ Series Shredders offer the home, school, small office or large business user the latest capabilities in identity theft protection. With the addition of the RANTECH Technology, personal identity theft from documents, CD's, DVDs and credit cards can be eliminated. Whether a business employs one worker or thousands, all businesses are responsible to the protection of personal information as instructed by the FACTA Law.'

For more information on the ShredderShark™ Series Shredders, contact Banner American Products, Inc., 951-296-9780 or visit www.banam.com.
